The gathering will be engaged over various themes extending from customary subjects like agri business to the most advanced presentations like AI.

Why Us

Our platform allows you to share your work with and learn from renowned speakers, thought-provoking leaders, and fellow researchers. Get inspired while still being home!

The Audience

Showcase your work in front of a global audience, SME's and peers.

Socialization

It's no surprise that we can achieve more together. Academic conferences like TWCS allow you to socialize with the global research community and build yourself a circle of valuable peers.

Knowledge

Insights and opinions vary with people. You can learn from the greatest minds of the world when attending an academic conference of a global scale.

Growth

Conferences help you widen your research activity and help you grow in your career. You can also get the exposure necessary to work for corporations, governments, and other bodies.

Why Attend

Learning

Learn from the best in your field by attending TWCS. You can also construct and sharpen your perspective on the recent developments by assessing, evaluating, and assimilating the ideas presented by different academic personalities.

Networking

TWCS provides your opportunities to meet and communicate with fellow researchers, attendees, and experts from your field. It can also help you widen your knowledge and allow you to exchange views, create new relationships, learn new things, and develop understanding.

Virtual

Because of the virtual mode of delivery, you can take a refreshing break from your regular academic schedule without missing out on academic responsibilities. TWCS is a great platform to achieve the results mentioned above.

Publication

Attending TWCS increases your chances of publishing and indexing your work.
